

# HORIZON

UNIOY | 21907 · 21908

201

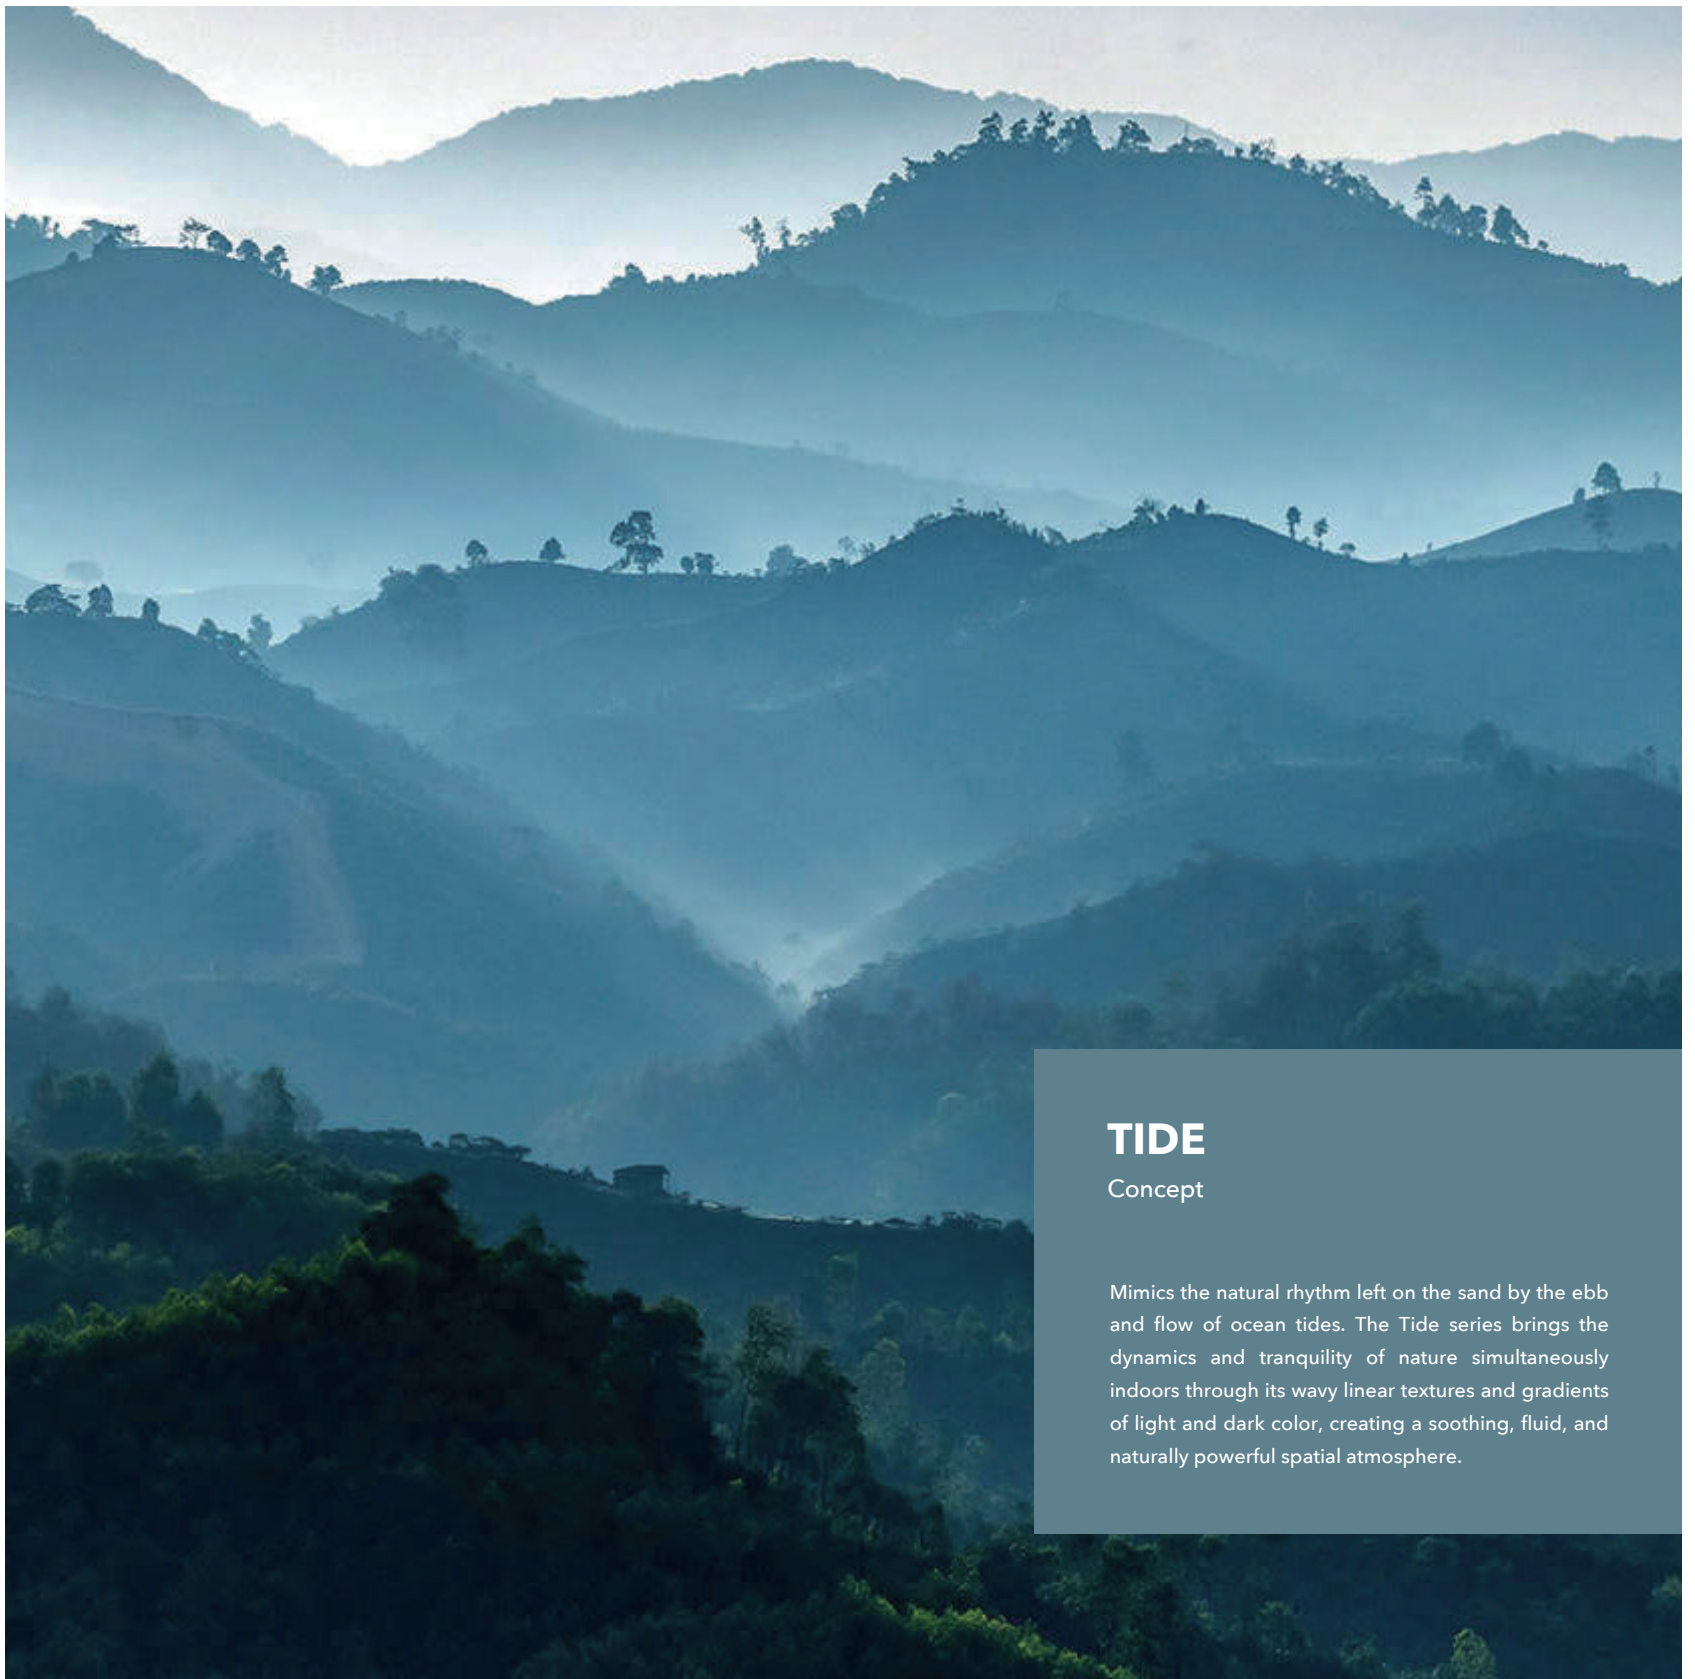

## Concept

The HORIZON series captures the natural poetry where sky meets earth. It beautifully blends the flowing rhythm of Tide with the steady form of Peak, revealing infinite possibilities at the meeting point of sea and sky.

Inspired by the moving scenery on the horizon: tides painting natural patterns on the sand, distant mountains outlining rolling contours. The series uses soft wave lines and simple geometric forms, paired with gradient effects in natural tones, to create a spatial atmosphere that is both peaceful and vibrant.

HORIZON is perfect for spaces seeking natural aesthetics and modern style. It brings both the ocean's fluidity and the mountain's stability, creating a balanced and comfortable environment that makes people feel as if they are between sea and sky, experiencing nature's embrace and tranquility.

## TIDE

### Concept

Mimics the natural rhythm left on the sand by the ebb and flow of ocean tides. The Tide series brings the dynamics and tranquility of nature simultaneously indoors through its wavy linear textures and gradients of light and dark color, creating a soothing, fluid, and naturally powerful spatial atmosphere.

## PEAK

### Concept

Draws inspiration from the contours of rolling mountain ranges. The Peak series employs undulating geometric shapes and layered tones to imitate the majesty and steadiness of mountains, bestowing the space with a solid, reliable, and expansive visual feel, symbolizing ascent and achievement.

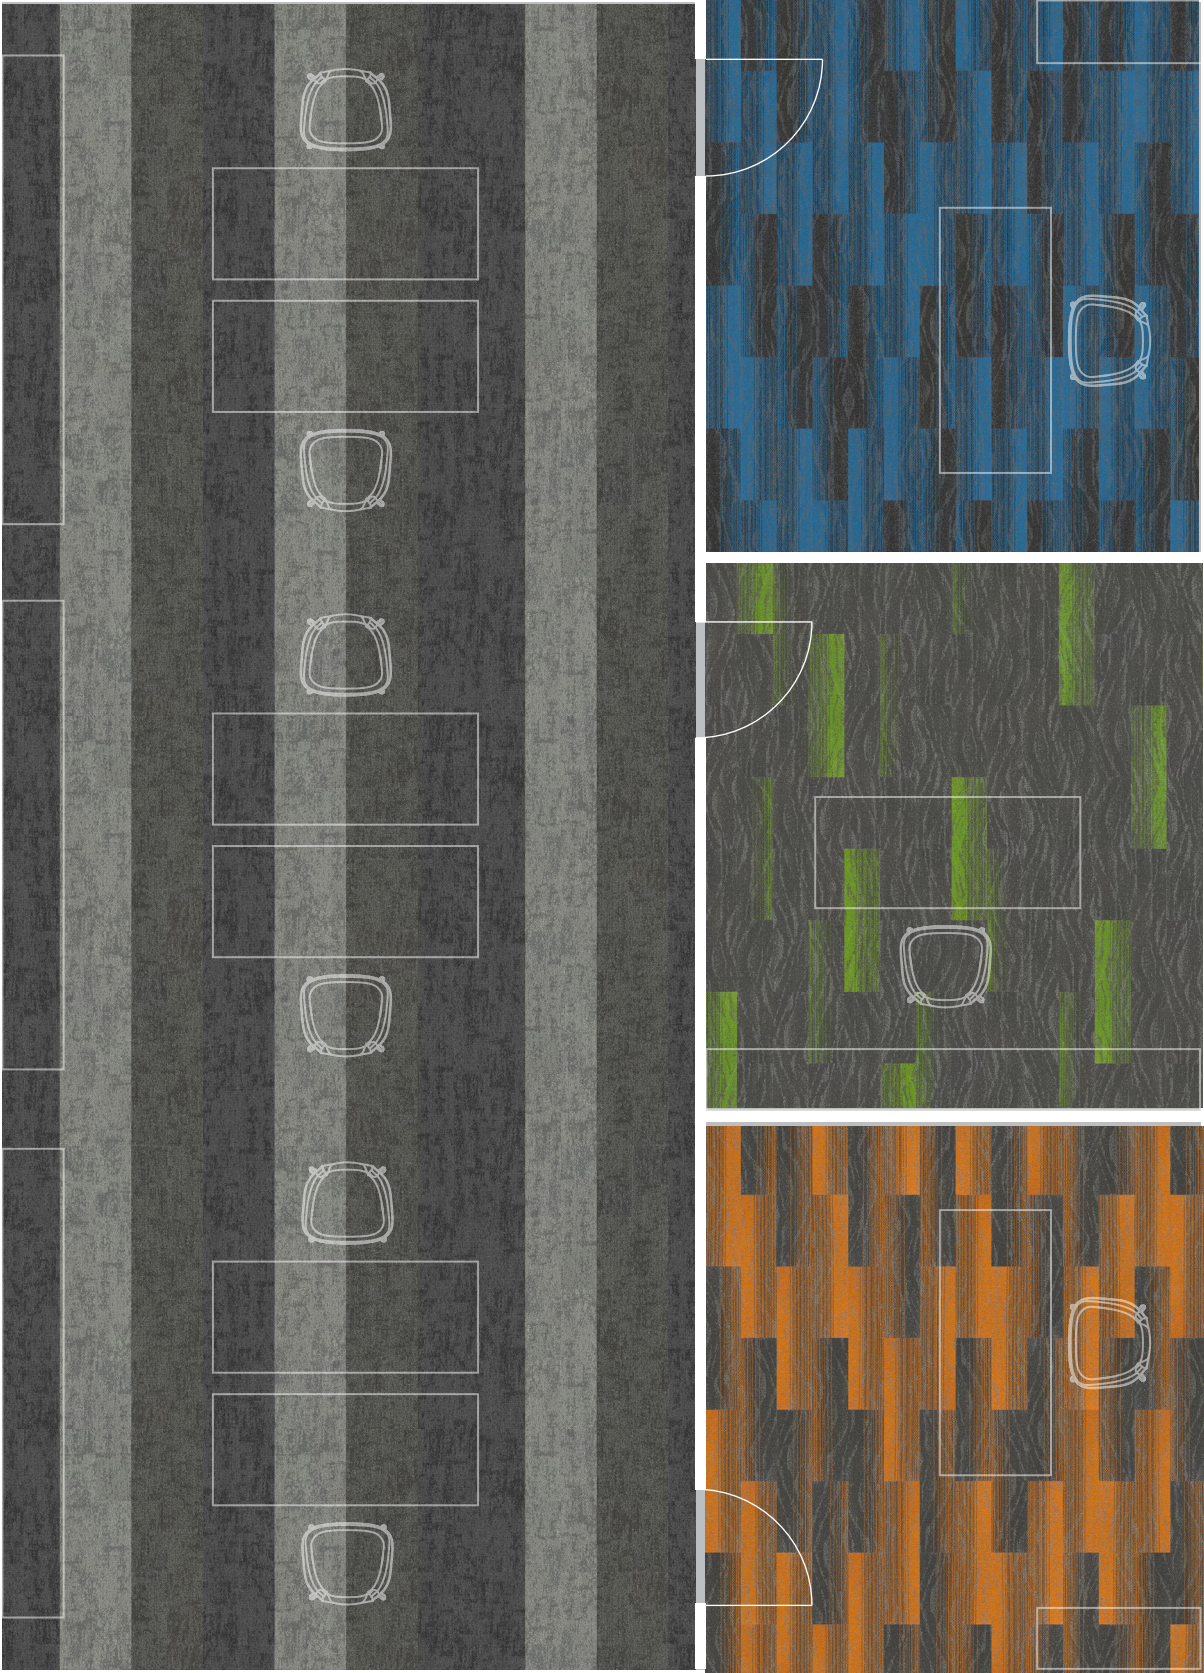

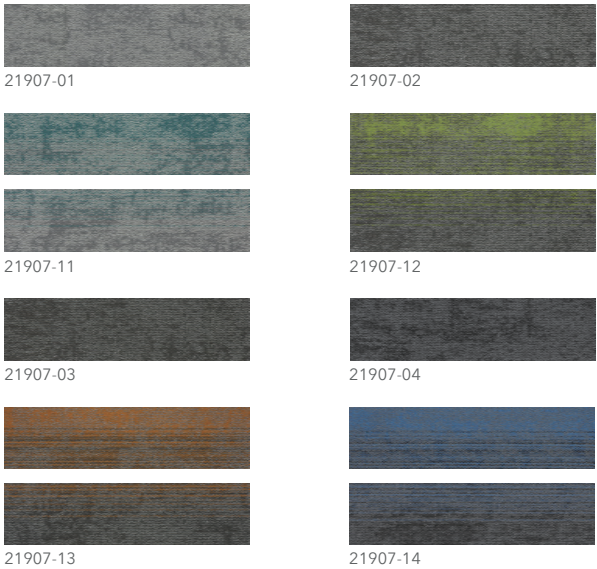

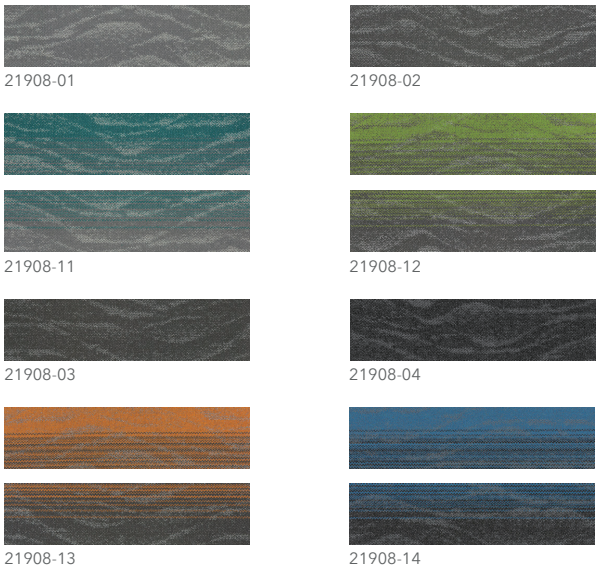

TIDE

Tufted Weight (g/m²):540 ± 5%  
 Pile Height (mm) :4.0 ± 0.5  
 Total Thickness (mm):6.5 ± 0.5

PEAK

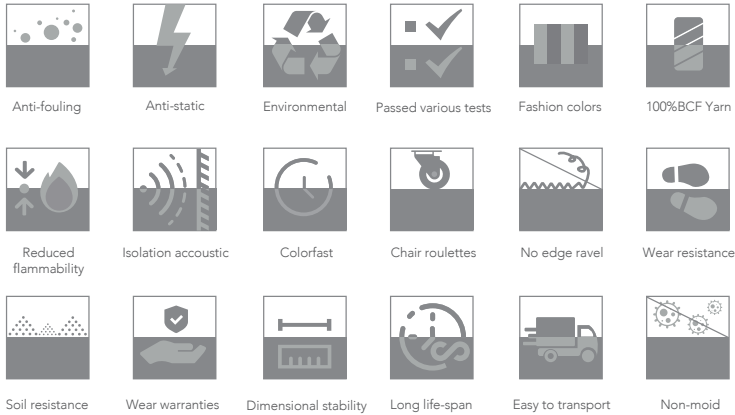

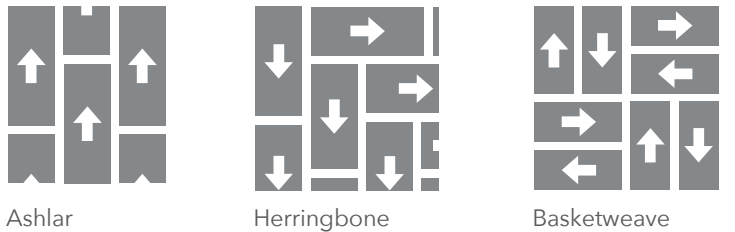

Tufted Weight (g/m²):510 ± 5%  
 Pile Height (mm) :3.5 ± 0.5  
 Total Thickness (mm):6.0 ± 0.5

Specification

|                           |                  |
|---------------------------|------------------|
| Tufted Construction       | Multi-Level loop |
| Fiber                     | 100% Nylon       |
| Dye Method                | Solution Dyed    |
| Gauge                     | 1/12             |
| Tile Size(mm)             | 250 × 1000       |
| Standard Backing          | TGDURA Bac       |
| Antibacterial Treatment   | PureGuard®       |
| Stain-resistant Treatment | CleanShield™     |
