

QUEST

UNIOY | 51901 · 31906

UNIOY

Concept

The QUEST series embodies the spirit of exploration and the wisdom of direction. It harmonizes the active pursuit of discovery with the grounding presence of guidance, creating a foundation for thoughtful movement and intentional progress.

This collection invites a deeper engagement with space. The textures and patterns inspire a mindset of curiosity and clarity, encouraging those who walk upon it to move with purpose and reflect on their path. It is a tribute to the journey—where every step is both a question and an answer, and where direction emerges from thoughtful exploration.

QUEST is designed for environments that value insight and intention. It supports a culture of meaningful inquiry and confident action, reminding us that the most profound journeys are guided by inner wisdom and a courageous heart.

SEEKING

Concept

"Asking East" symbolizes active exploration and inquiry. The design lines of the Seeking series are more direct and full of direction, guiding visual flow and stimulating curiosity. It complements the Hoping series, together constructing a spatial philosophy filled with dialectical thinking and dynamic balance.

51901-A/B

COMPASS

Concept

Transforms abstract direction into concrete design language. The Compass series features soft geometric line patterns, symbolizing the provision of steady "navigation" for business development within the commercial environment, representing clarity, reliability, and order.

Specification

Tufted Construction	Multi-Level loop
Fiber	PNMIX®
Dye Method	Solution Dyed
Gauge	1/12
Pile Height (mm)	4.0 ± 0.5
Total Thickness (mm)	6.0 ± 0.5
Standard Backing	TGDURA Bac
Antibacterial Treatment	PureGuard®
Stain-resistant Treatment	CleanShield™

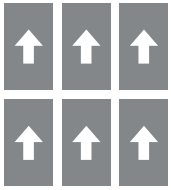

Recommended Installation Methods

Ashlar

Herringbone

Monolithic

Anti-fouling	Anti-static	Environmental	Passed various tests	Fashion colors	100%BCF Yarn
Reduced flammability	Isolation accoustic	Colorfast	Chair roulettes	No edge ravel	Wear resistance
Soil resistance	Wear warranties	Dimensional stability	Long life-span	Easy to transport	Non-moid
