UNIJØY

回歸東方地面美學

THE RENAISSANCE OF ORIENTAL FLOOR AESTHETICS

關於回歸

ABOUT RENAISSANCE

「回歸」二字是我們對東方文化和美學的一種信仰。在這個理念的指引下，我們設計了三個主題係列：「靜」、「慢」、「雅」。

「Renaissance」 is our belief in oriental culture and aesthetics. Guided by this concept, we designed three themes: 「Tranquility」, 「Slowdown」, and 「Elegance」.

在「靜係列・山海美術館」中，讓我們一同回歸寧靜，重新找回初心，喚起內心深處的靈感與思考。我們如此在意每一個細節，旨在與你一同探索、創造更完美的地面藝術作品。

In 「Tranquility・Museum of Mountain and Sea」, let us be away from the bustle to rediscover our original aspiration and arouse the muse in our hearts. We care about every detail, aiming to explore and create more perfect art works with you.

{Museum of Mountain and Sea}

大尺寸軟底 LARGE-SIZED CUSHION

仿手工簇絨 TAPESTRY TECHNOLOGY

段染紗線 SPACE-DYED YARN

環保中間層 ECO-FRIENDLY MIDDLE LAYER

環保軟底背 ECO-FRIENDLY CUSHION BACK

回歸東方地面美學全系列尺寸為50 cm × 100 cm大尺寸軟底方塊地毯,鋪設效果有別於普通工藝方塊地毯,更凸顯空間的整體感,圖案更大氣,質感更高端。

The whole series of “The renaissance of oriental floor aesthetics” is 50 cm × 100 cm cushion back tile carpets. Distinguished from normal-sized counterparts, this highlights a holistic sense and stands out the amazing pattern and premium quality all the more.

該系列由三個設計故事組成,毯面工藝均使用仿手工多色提花簇絨技術製成。使用該工藝製成的地毯絨頭飽滿度及觸感較一般工藝更好,附加軟底背後整體厚度可達10mm以上,腳感、吸音降噪功能較普通簇絨工藝地毯有很大的提高。該工藝下製作圖案紋理幾乎沒有限制,可避免出現普通簇絨常見的條線狀態。且因為高克重,耐用性和阻燃性能較普通簇絨工藝更好。

This series consists of three design stories and the surface was applied with brilliant Tapestry Technology. Carpet tufts made by this technique have no parallel in terms of fullness and touch. The overall thickness of the additional soft backing can be more than 10 mm, which greatly improves the foot feel and the performance of sound-absorbing and noise-reducing. There is almost no limitation on patterns under this technique and can avoid the stripe-like phenomenon which often occurring on orthodox-made carpets. Furthermore, because of the high fabric weight, the durability and flame-retardant properties are just superb.

該系列採用獨特染紗工藝製成的段染紗線生產,大大增加了設計感和被仿製的難度。同一根紗線上有三至六種不同的顏色,搭配多色提花技術,使毯面在二維平面上呈現了豐富的顏色層次和隨機變化,凸顯出立體感和高級感。

Space-dyed yarn refers to a yarn with three to six different colors. The utilization of space-dyed yarn enriches the sense of design and greatly increase the difficulty of imitation. Combined with tapestry technology, the carpets present rich colors and random variation, highlighting the 3D effect and aesthetic sense.

中間層採用DINCH為增塑劑生產的PVC,具有無毒安全、環保性高、耐低溫性優、無霉菌/真菌生長、加工性能好、使用壽命長等特點。DINCH專為人體接觸應用而開發,可能是當今市場歷經最嚴密測試的增塑劑,由於其卓越的毒性測試表現,得到了全球眾多權威機構的核准與認證(REACH,FDA,NSF)。將確保其在食品包裝、玩具、醫療、飲用水等應用領域的產品符合歐洲、美國和亞洲各地對於增塑劑使用的嚴格要求。

The middle layer is produced by the use of DINCH. DINCH has the characteristics of non-toxic safety, high environmental protection, excellent low temperature resistance, no mold / fungal growth, good processing performance and long service life. DINCH is specially developed for human contact and may be the most stringently tested plasticizer on the market today. On account of its excellent toxicity test results, DINCH has been approved and certified by many prominent institutions around the world (REACH, FDA, NSF). DINCH meets the most rigorous requirements for plasticizers used in food packaging, toys, medical, drinking water and other application fields in Europe, USA and Asia.

該系列所有的底背是通過回收使用過的塑料水瓶,每平方米產品平均使用22個回收可樂瓶,利用創新的生產技術將其製成柔軟而堅固的PET毛氈材料,經久耐用,並具有出色的聲學性能。且PET毛氈既可回收又可再生。

All cushion backs are made from recycled plastic water bottles. An average of 22 recycled Coke bottles are used per square meter. Innovative procedures are introduced to turn them into soft yet strong PET felt materials with outstanding durability and sound absorption performance. The PET felt is both recyclable and renewable.

重山
Mountains

設計理念 Design Concept

「重山」——探索山石之美。

我們的靈感來源於李煜《長相思·一重山》中的詩句。設計融入了“一重山，兩重山”的意象，展現出胸懷寬廣、厚重實在的感覺。

當您鋪裝此產品時，它不僅僅是一種視覺上的享受，更是帶給您遠景與近景不同感受的體驗，喚起對大自然、對生活多樣性以及對藝術表達方式的思考。

「Mountains」——Explore the beauty of mountains and stones.

Our inspiration comes from the poem "Longing for Eternal Love——Mountains" by Yu Li. The design incorporates the mental imagery of "one mountain, two mountains", showing feelings of broad mind and great virtue.

When you experience this series, it is not only a visual enjoyment, but also brings you mixed feelings from every distant, evoking thoughts about nature, diverse lifestyle and art.

煙 波

Mist Wave

設計理念 Design Concept

「煙波」——喚醒內心的湖光山色。
取材于水, 代表著生命之源、萬物之本。當你觸達這份寧靜, 仿佛置身於蒼茫霧氣籠罩下無邊無際的水面上, 神秘而美麗。
在這喧囂都市中, 我們常常迷失了自我。然而, 有一種信念和力量永恒存在著, 它就像那閃耀的湖光山色, 在我們的內心深處閃現。
獨特的名字同時詮釋了逃離現實塵囂、尋找內心淨土的嚮往, 因為只有足夠靜謐時, 才能從生活中汲取更多能量與啟發。

「Mist Wave」——Awaken the intrinsic lake and mountain.
This series is derived from water - the source of life and origin of all. When you reach this serenity, it's like you are on the boundless water surface surrounded by mysterious and surreal mist.
In the bustling city, we lose ourselves so often. However, there is a belief that eternally exists. It is like shining lakes and mountains flashing deep in our hearts.
The unique name also interprets the yearning to escape from the hustle and bustle of reality to find the inner pure land. Because only when it is quiet enough can we draw more energy and inspiration from life itself.

魚 歌
Fishing song

設計理念 Design Concept

「魚歌」——簡單純樸的生活情趣

魚歌系列圖案靈感源自於閩南語兒歌中的動人旋律。毯面設計中魚骨圖案與經緯紗線交織在一起，恰似漁民打魚滿載而歸時的壯觀景象，讓人感受到傳統文化與現代時尚相互融合的奇妙體驗。

比喻無論是挑戰還是艱辛，它們都能被成功地克服，象徵著生活積極樂觀、勇往直前的態度。

「fishing song」—— the appeal of simple and honest lifestyle.

The inspiration of the fishing song comes from the moving melody in the Minnan children's songs. The interweaved fish bone pattern associates with the spectacular scene when fishermen return with a full load of fish. Which makes people feel the wonderful experience of the integration of traditional culture and modern fashion.

The metaphor has illustrated that no matter a challenge or hardship, they can be successfully overcome, symbolizing the optimistic life attitude with courageous.
